

Pls do not lessen the telephone privacy act.It has stopped 95% of the 3-6 daily intrusive calls. I pay for my phone for MY USE,not for the invasion of my peace/privacy by businesses. We are losing enough freedom, don't take our freedom from harrassment out of our private homes. They have NO RIGHT to invade my space/peace/privacy. I shouldn't have to pay for 'caller id' or an unlisted number to avoid these pests. They take advantage of elderly & less fortunate.
Thx!
